Every Owner of a Piano Needs a

The PIANOLA will enable every owner of

plane to play upon his instrument whenever he desires. Not only this, but every member of the family can also play upon it-not one or two pieces, but practically every composition ever written for the plano.

The PIANOLA is the only thing which warranus the investment in a piano by nine-tenths of those who own them. At least it is the only thing which makes a plane worth a hundred

cents on a dollar. Perhaps you or your wife or your daughter "play a little," but the difference between playing a little and playing everything you wish is considerable. It is worth thinking about The PIANOLA supplies the deficiency. It even makes no difference if you do not know one note from another.

The fingers of the PIANOLA rest upon the

plano keys, and strike the notes for you just as they are printed on the music sheet. You experience all the pleasure of hand-play-ing, because you control the expression, which is the soul of music.

Before deciding upon the purchase of

plane, you should hear the PIANOLA. It is on exhibition at the warerooms. You may wish to buy a PIANOLA and investless money than and get the full benefit of it; or you may even wish to rent a plano temporarily and purchase the ability to play upon it anything you desire whenever your mood calls for it. It would be at least judicious to hear the PIANOLA. Price \$250.
